

Edmonton Bulletin.

EDMONTON, ALBERTA, MONDAY JANUARY 28th, 1894.

SEMI-WEEKLY, 4 PAGES.

LOCAL.

W. T. HENRY who has been visiting in Calgary during the past week, is expected to return on to-night's train.

Miss MONTGOMERY, daughter of David McDougall of Morley, arrived on Thursday's train, visiting Mrs. Hardisty.

Miss GREGG, mother of J. F. Graham of the H. B. store, arrived from Morley on Thursday's train, the guest of Mrs. Hardisty.

The WILSONS left on Saturday for Saddle Lake to make a medical inspection of the Salmon reserves of that agency. J. F. Wilson accompanies him.

J. K. MOORE of Seattle, Washington, has arrived W. J. Graham's farm, two miles north of town, through Cowie & Round, real estate agents. Mr. Moore will come to Edmonton in the spring.

JAMES McKAY, barrister of Prince Albert, has been made a Queen's Counsel. Messrs. McKAY of Prince Albert and Beck and Taylor of Edmonton are the only appointments made in the Territories on this occasion. The Winnipeg appointments include the well known names of J. H. D. Munson, Colin H. Campbell and James Fisher.

MacLeod Gazette: The police at this post recently purchased 29,800 lbs. of potatoes from Edmonton for which 65c per bushel was paid. A local man put in a tender for the contract, but as he wanted \$1.20 per bushel, his tender was not entertained. 757 pounds of potatoes in the assignment were frozen on the way down, but the loss will be borne by the contractor.

A private letter from Western Washington says that there will be a considerable movement from that country to Edmonton in the spring. But the scarcity of money is the difficulty. There are very hard and there are many unemployed. The weather was very cold, raining nearly every day. In one day the Salvation army in Seattle gave dinner to 400 people, at 5c each to those who could pay, and only collected \$1.85 from the whole lot.

F. MANROD of the Alberta hotel keeps a collection of volumes of the international encyclopaedia behind his office counter for the information of any person who may wish to refer to them. Last week he found that twenty pages had been cut from one of the volumes with a knife, by some person unknown. This is an act of meanness that is unequalled, and is a very poor return for the public spirit shown by Mr. Manroed.

The Edmonton band serenaded Mayor McCreedy at his residence on Friday night. The members were invited in and the president, Mr. Fairbanks, congratulated the mayor on his election for the third time by acclamation to the mayor's chair, and said that the band had been prevented from paying their respects at an earlier date by the absence of several of the members. The mayor made a fitting reply and entertained the visitors royally.

A visitor, farmer of Hesperia, Waterloo County, Ontario, who visited Edmonton last fall and on his return drove to Wetaskiwin and Lonsdale, saw the country around Calgary, visited Whitewood, Moosomin, Souris, Hartney, Carberry, Neepawa, Westbourne and Winnipeg, writes to a friend here. "Of all the places I have seen I don't remember any that I liked so well as the country through which we drove that afternoon out to the Sturgeon river, that is for farming purposes."

The annual Christmas treat of All Saints Sunday school was held in Robertson Hall on Friday afternoon. There was a large attendance of children of the Sabbath school and their parents and friends, members or adherents of the church. There was no formal programme. The children amused themselves at various games, and the grown people passed the time in sociability. Music was given on the piano by T. H. Anderson, organist of the church, and by A. G. Randall. Tea was served from 5.30 to 6.30. More games followed, and at 7 o'clock the presents were distributed by Rev. Mr. Stenden to the children who had been most regular in their attendance at Sunday school. Mr. Stenden, superintendent of the Sunday school, was active in making the session a success.

The Prince Albert Times mentions that the steamer Marquis and Northwest will run on the route between Edmonton and Grand Rapids next season. The Marquis will be dismasted as a passenger boat, and used only for freight. The Northwest made a number of trips to Edmonton before the railway was built, and is a fine boat in every particular. The Marquis never came so far up the river owing to her requiring much deeper water than the Northwest, but possibly she can come up if lightened by the removal of her upper works. There is room for a good excursion business during the summer season between Edmonton and Prince Albert, such as the Northwest is particularly well fitted to handle. And there would also appear to be room for a trade in coal and lumber from Edmonton to Battleford and to Prince Albert in need. If these steamers are properly handled, they will do a great deal to induce settlement in the 600 miles of fertile country which lies along the banks of the Saskatchewan between Edmonton and Prince Albert.

The annual ball given on Thursday night last by the officers, non-commissioned officers and men of G. W. M. Police Post Saskatchewan was, as only could be expected, a grand success. The guests were from all directions, and many from great distances. Edmonton furnished one bus load, and South Edmonton another, all of which the weather was cold. The mess room of the barracks was enlarged to its fullest extent by the taking down of partitions, and was most handsomely decorated with evergreens, lanterns, weapons, etc. Dancing began about 9 o'clock to music furnished by the Edmonton orchestral society. Geo. Purches, violin, J. R. Michel, flute, W. Clarke, cornet, and F. H. Anderson's piano. Over 150 guests sat down to the supper, which in excellence of cooking, variety and abundance was unsurpassed. A proof that the Mounted police do not lack good cooks. Dancing was kept up with spirit until 4 o'clock.

EDMONTON public school opened to-day.

TELEGRAPH line down east of Calgary.

TRAIN left Calgary thirty minutes late.

ISSUE Snyder was taken suddenly ill on Friday last, but is recovering.

MISS DUNCAN, late of Red Deer, has been engaged as teacher of Beaver hills school.

ANNUAL meeting of the fire brigade band on Friday evening in the council chamber.

M. McCATLEY will ship a car of oats, bran and chopped feed to Morley on Tuesday's train.

REV. Canon Newton of the Hermitage, who has been ill of typhoid fever for some weeks, is recovering.

S. C. C. Smith, Church of England catchist at Beaver lake, is in town on a short visit.

W. B. Briggs of Calgary who has been engaged as teacher of Poplar lake school district arrived on last train.

JOHN J. FERGUSON of Anthracite is arranging to start a hardware store in the Tims building South Edmonton.

J. M. Lay, teller of the Imperial bank at Edmonton, went to Calgary on last Friday's train to take a like position there.

J. R. BOYLE of Brandon, Manitoba, arrived on Thursday's train to take the position of teller in the Imperial bank here.

Wm. Easton, carpenter and contractor, has removed from Jas. McDonald's shop, corner of Jasper avenue and Queen street to his residence, Rice street.

At the election of trustees of St. Joachim's Roman Catholic school district held on Friday last, L. Kelly and Raphael Dugless the retiring trustees were re-elected.

THE town council of 1893 will hold its last meeting on Wednesday night. The new council will hold its first meeting on Monday night, January 15th.

PRIZES won at the late exhibition of the Edmonton agricultural society will be paid on application to C. Young, at the office of T. W. Lines, grain merchant, Jasper avenue.

Geo. HUTTON of Hutton & Haddon, agricultural implement dealers, has purchased the dwelling on Fraser avenue formerly owned by Thos. Henderson of Rabbit hill, and will now reside in town.

THE inquest held on the body of Joseph Gaultier of St. Albert, who died suddenly on Tuesday last week, resulted in a verdict that deceased came to his death from natural causes. Dr. McLuska, coroner.

SAMPLES of Edmonton produce are being collected by land agent Anderson to form part of the exhibit to be sent by the Canadian government to the California midwinter exhibition. The samples are very fine.

A CURLING game was played on the river on Saturday afternoon last. The ice was sliding, making play difficult and unsatisfactory. The rinks were: Turnbull, Campbell, Emery, McQueen, skip—3. Sutter, McKay, McDonald, skip—2.

W. GORDON CUMMING of the Quorn ranch arrived on Thursday's train on a short visit. Mr. Gordon-Cumming has been prospecting and hunting for the past four months in the Cariboo and Fraser river districts of British Columbia. He is at present suffering from lameness in the right foot caused by a scald received from a boiling tea kettle while camping.

At a meeting of the curling club held in James McDonald's real estate office on Friday evening, J. A. McDougall, president of the club chairman, the membership fee was fixed at \$2.00. It was decided that play should be on a rink on the river, which would be kept ready for use day or night. Play to commence at once. No schedule of games has yet been arranged. The meeting voted against a proposition to include Edmonton and Calgary in one curling district, which would necessitate curlers travelling between Edmonton and Calgary to play in district competitions, the objection being on the ground of expense, and also against proposed changes in the levying of dues by the Manitoba branch. Seven new members were proposed and the meeting adjourned.

WINNIPEG Commercial: A correspondent writing from Edmonton, says: Your correspondent in an interview with Mr. Alexander was informed that over four thousand settlers have taken up land this year between Calgary and Edmonton, and that over 250 car loads of settlers' effects have been sent here. The average value of each car would amount to about \$1,000, making a total amount of stock and effects for the year of about \$22,000. About 2,000 of the settlers came from the States. The European immigration has not been large this year. Ontario is very well represented. Mr. Alexander made a special visit to Edmonton, St. Albert, Fort Saskatchewan and the settlement east of Wetaskiwin and the Battle River settlement, and in no instance in his travel did he meet any settlers who were dissatisfied with the country and the prospects. Notwithstanding the spring was unusually late, the majority of the crop was harvested free from frost. Wheat averaged 35 bushels to the acre, barley 45 to 50, oats 60 to 75, and there was a splendid crop of potatoes and vegetables. During the month of November there were about 400 or 500 settlers came here, and judging from the reports from them there will be the largest immigration next year that we have ever had.

NEW ADVERTISEMENTS.

NOTICE.

Notice is hereby given that tenders for assessing the Belmont Protestant Public School District No. 23, will be received by the undersigned up to February 1st, 1894. Assessor to supply all his own necessary material.

EDMONTON BULLETIN, JANUARY 8th, 1894.

THE EXHIBIT CAR.

G. S. Long of Sturgeon river and Jas. L. Porte of Beaver hills, representatives, respectively of the Edmonton and Fort Saskatchewan agricultural societies, returned from their visit east with the Edmonton exhibit car on Thursday's train. They left Edmonton on September 15th, the car leaving at the same time. They reached Winnipeg on the 18th but the car did not get there until the following Thursday, the 21st. The samples were then transferred from the box car in which they left Edmonton to a box luggage car which was attached to the express and the samples and delegates started for Ottawa the same night. They reached Ottawa on the following Sunday morning in time for the Central Canada fair at Ottawa, which extended from September 25th to 30th. Space has been secured for the exhibit in advance by the C. P. R. authorities and the samples were taken from the car to the agricultural hall at the expense of the C. P. R. and put up in the agricultural hall near by the Prince Albert exhibit and the Manitoba and Northwest exhibit of the C. P. R. The fair continued for five days and there were 45,000 people on the ground in one of the days, all or nearly all of whom passed through the hall and saw the exhibit, which was prominently marked as from Edmonton, Fort Saskatchewan and St. Albert, Northwest Territories. Messrs. Long and Porte attended the exhibit constantly to give information and they were kept busy answering questions. A great deal of interest was manifested at this as at other exhibitions, but although everyone seemed to have heard of Edmonton very few had any clear idea as to its whereabouts, the general impression being that it was a part of Manitoba, or at least the same kind of country. The quality of the exhibit, however, and the information given by the delegates did something to remove that idea in many minds. Messrs. Long and Porte consider that it is not an advantage in preparing an exhibit for practical men, to trim it very much. They are suspicious of nicely picked bundles of grain in the straw. What pleased them most with the Edmonton exhibit was several sheaves just as they came from the binder from which visitors were allowed to take samples. They were satisfied that there was no deception about these. The picked bundles of grain and grass some thought were spliced to give the length, and insisted on examining them very closely. As to the exhibit itself, it excelled everything with which it came in competition, except the part of the C. P. R. exhibit which came from Edmonton. The fact that at Ottawa it was shown alongside the Prince Albert exhibit gave an excellent opportunity of judging as to the productiveness of the respective localities, the comparison being decidedly to the advantage of Edmonton. From Ottawa the exhibit was taken to Almonte, county of Renfrew, where it was shown on Tuesday, Wednesday and Thursday, October 3rd, 4th and 5th and was seen by about 7,000 people. Prince Albert and the C. P. R. also showed at Almonte, which was the last fair at which the Prince Albert exhibit was shown. The next point was Owen Sound, on October 10th and 11th at the county of Grey fall fair. The attendance there was comparatively small, not more than 2,000 people being present, owing to some disagreement within the agricultural society, but those who were present were deeply interested. The next point was Dundalk on October 12th and 13th. There a local exhibit of grain in the straw was made but was completely distanced by the Edmonton samples. The next point was Woodbridge, near Toronto on October 17th and 18th, where there was an attendance of 8,000 people. The local exhibits at this fair were the best at any visited by the delegates. Although they did not equal the Edmonton samples in grain and grass they excelled in roots and vegetables. The next point was Grand Valley, 12 miles west of Orangeville, on October 19th and 20th, which was attended by about 2,000 people. The C. P. R. had an exhibit at Grand Valley also. This was the last fair visited by the delegates, the exhibits being handed over to Mr. McNicol of the C. P. R. to form part of an exhibit to be sent to the Old Country. Messrs. Long and Porte agree in saying that every facility was given by the C. P. R. for pushing the exhibit and that the delegates themselves were treated handsomely. In view of the fact that the impression is so general in

the east that Manitoba includes the Northwest the delegates think that it was an excellent move to send an Edmonton exhibit in charge of Edmonton men, and indeed the only way to ensure that Edmonton would receive full credit for that superiority and variety which it possesses. They are also of opinion that at the fall exhibitions is the time when the attention of the farming community can be attracted to the best advantage. The farmers make it a point to visit these shows, and thousands can see and be seen on show days where tens could not be seen during an equal time on other occasions. They think that it is altogether desirable that advantage should be taken of the great fairs at Toronto and London. These and the great bulk of the local fairs were over before they reached Ontario. Of course all the fairs could not be visited, as many are held on the same day, but by being on hand when the first were held the season could be fully occupied in going from one to another.

After the delegates had handed the exhibit over to the C. P. R. Mr. Porte visited friends in several parts of Ontario and Michigan, including, Clarkson, Pontiac, Walkerton, and Detroit, Michigan and Orangeville, Ridgeway, London and Ailsa Craig, Ontario, starting for home on December 26th. He found times very hard in Michigan and many people anxious to come west. Crops had been very poor, except potatoes, and prices were low. In Ontario prices were also low. In both countries men on rented farms seemed most anxious to move and indeed were generally best able to, as they had enough to start comfortably in the Northwest and were not encumbered as many owners were. He is certain that as their leases expire many will come to Edmonton. Mr. Porte has already been instructed by a number of people to select land for them as soon as the snow goes off.

Mr. Long also visited friends in Ontario and Manitoba. In Ontario he spent some time in Meaford and in the adjacent townships of St. Vincent, Sydenham, Euphrasia and Collingwood. He found there a strong feeling in favor of going west, not only amongst renters but also amongst owners, even those who were well off. The cause seemed to be the prevailing low price of produce and the tendency to lower prices of farm lands, which was wiping out hundreds of thousands of dollars of capital every year, and so making times hard. The present lowering prices are really owing to a former undue inflation rather than to an actual lack of productiveness, but this decrease in price creates hard times and a consequent desire to get out. Mr. Long spent some time in Southern Manitoba in the vicinity of Morden. There too he found quite an interest in Edmonton. The farmers there complain of lack of wood and water and the disadvantage of living on the bleak prairie, as well as the low prices of produce. Times are not good in Southern Manitoba this winter. In Morden Mr. Long saw a horse sold at sheriff's sale for 75c and a span of horses sold for \$5.00. This shows that money is very scarce. On the Portage plains even Mr. Long also found a feeling of dissatisfaction with the system of farming wheat alone. The expense of raising the wheat is now too great in comparison with the price, and the living expenses count up just the same whether there is a crop or not and whether the price is high or low. Unless wheat rises in price many farmers now in Manitoba will try mixed farming in the Saskatchewan valley. Mr. Long is accompanied by Thos. Cutting of Carman, Southern Manitoba, who is looking up the country with a view to settlement.

Perfect fitting, Pretty Strapes and Unique Designs.

Also a nice lot of Japanese Silk 25 CTS EACH.
Handkerchiefs for

W. T. HENRY & Co.

Two Doors West of the Post Office.

EGG LAKE.

The Rockford, Spokane County, Washington, Enterprise, has a column inter-view with J. B. Bibbee of Egg lake, south of Victoria, a former resident of Spokane. The following extracts will be of interest as the opinions of a practical man, and may meet the eye of some who want information on the points touched on:

Mr. Bibbee is well pleased with his northern home. He has now been there one summer and winter, and is thoroughly convinced that it is an excellent country for stock raising and general farming. He says the soil is, for the most part, a gravelly loam, very rich, and about four feet deep on the average. The natural grass grows extremely luxuriant and is very nutritious. Mr. Bibbee thinks he has never seen stock of all kinds so well as there. Natural hay can be put up in any quantity desired at a nominal cost. He said a couple of men, could easily put up all the hay that an hundred head of stock would require during the winter; and range during the spring, summer and fall is never failing. Mr. Bibbee and three sons have obtained possession of 1,700 acres on Egg lake, about 60 miles from Edmonton; and expect to engage extensively in stock raising. He says good horses bring good prices, smaller horses, smaller prices, and Washington cayuses about \$35 each. Mr. Bibbee thinks cattle are the most sure and profitable return. A 3-year old steer, of good size, readily brings \$40 cash, and is always a sure sale. The market for this class of stock does not depend upon the local consumption—a general shipping business to Montreal, and thence to England, is kept up. There are, he says, few hogs in the country, and hogs would be very profitable to raise for market, they being 8 cents per pound, live weight. Mr. Bibbee says that very fine wheat grows in his neighborhood,—Scotch fife and very hard—and yields just about 40 bushels to the acre. He thinks the plumpest oats grow there he has ever seen. His boys threshed 600 bushels from 19 acres for a half breed this harvest. Though the country and soil is well adapted to wheat raising Mr. Bibbee does not think it will ever become a wheat ranching country; stock is so much more profitable it is sure to be the business that will be always followed. Small game is abundant especially wild fowl.

The best of fishing is found in the creeks, and the country is full of small streams. He says the only tax collected is a small school tax in districts where they have schools. Old settlers expect the winter to commence about the first of November and last until the first of April. There are generally a few days of extreme cold. The sleighing continues uninterrupted until spring comes, and the break-up is quick and rapid. Seeding commences at once, and harvesting is nearly over by September. All garden and table vegetables attain a wonderful growth. The houses are built of hewn, spruce logs, having thatch roofs. When well erected they are very warm. Dry, hard wood is found in abundance for fuel. Mr. Bibbee has every reason to expect a prosperous country and happy community, in the future, around Egg lake.

January 3rd, 1894, Correct
SIDNEY S. TAYLOR,
Auditor.

A. C. Patterson, editor of the Qu'Appelle Progress, who has been appointed to the customs service, gives his farewell in the latest issue of the Progress.

Hamilton Lang has sold out the Moose Jaw Times to Mr. J. Watkins of the Virden Chronicle, and in partnership with his brother has purchased the Brandon Times.

Seed wheat will be required in isolated cases in some parts of Manitoba next spring and many farmers are very hard pushed, but there are said to be no cases of actual distitution.

The Lethbridge News declares that by a flaw in the ordinance school districts whose limits do not coincide with those of the incorporated town, although the town may be situated entirely within their limits, are only entitled to three and not to five trustees as was supposed.

Kanloops assessment is, exclusive of the railway property, and subject to appeal, estimated for 1894 at \$235,476. This probably means an ultimate net assessment, including railway property, of about \$225,000. The city rate of taxation for 1894 will be one per cent net.

To Land Hunters!!

"The Edmonton District is the best part of Canada."

Such is the British Farmer delegates unanimous report.

The farms we have for sale are the pick of the Edmonton country. They are near the railway, markets, schools, churches and neighbors and at lowest prices and on easiest terms. Come and see our descriptive list.

Those who wish to go further can themselves select 240 acres of vacant Dominion lands, which we will procure for them at \$2 per acre without any residential conditions whatever. This is \$1 per acre cheaper than any other land in the market, and advantage should be taken of the offer while it lasts.

IN THE MATTER OF THE ESTATE OF FRANCIS G. STEWART, DECEASED.

Upon the application of Charles F. Stewart the administrator of the estate of the said deceased and upon reading the petition, affidavit and other documents filed upon his application for letters of Administration:

I do hereby order that all creditors and persons having claims against the Estate of the said Francis G. Stewart, deceased, late of the Settlement of Chlorar in the District of Alberta in the Northwest Territories, Farmer, who died on or about the thirty-first day of October 1892, do send in their claims against the estate of the said deceased to the said Charles F. Stewart at Glover Bar, aforesaid, within six weeks after the first publication of this notice in the Edmonton Bulletin;

I do hereby direct that this order shall be published in the said newspaper once in each week for four consecutive weeks.

And notice is hereby given that at the expiration of the time above fixed the said Charles F. Stewart shall be at liberty to distribute the assets of the deceased or any part thereof amongst the parties entitled thereto, having regard to the claims only as to which the said Charles F. Stewart has then notice; and that he shall not be liable for the estate or any part thereof so distributed to any person of whose claim the said Charles F. Stewart shall not have had notice at the time of the distribution of the said estate or any part thereof as aforesaid.

NEW YEARS AT HOME.

The young people of South Edmonton spent a most enjoyable time at the "New Year's at Home," given by the ladies of the Methodist church in Mr. S. Parrish's hall. The chief feature of the evening was games suitable for all. At 10 p. m. coffee and cake were served, after which a short programme was rendered. We think that more evenings of the kind would greatly help the community in social intercourse especially in the Northwest where so many strangers are constantly appearing in our midst.

SUBSCRIBER.
South Edmonton.

FIRE BRIGADE.

A meeting of the Edmonton fire brigade was held in the fire hall on Friday evening at 7.30. 26 members were present, the chief Geo. P. Sanderson in the chair, J. O. Vanbuskirk, secretary. The roll was called and several accounts passed. The chief tendered his resignation, which, however, was not accepted, but was laid on the table. It was proposed that the council be asked to make a grant to the chief in compensation for his services. The brigade was then organized as follows with ten men on the hose, four on the chemical and twelve on the hook and ladder:

Chief of the brigade Geo. P. Sanderson. Assistant chief, K. A. McLeod.

Engineer of fire engine, W. A. Oliver. Assistant engineer P. D. Campbell.

In charge of the rubber hose: Geo. Hall captain and branchman, T. P. Cairney, branchman, P. C. Campbell, A. Pattison and A. Dando.

In charge of cotton hose: C. B. Beals, captain and branchman, F. D. Fortin, branchman, A. Milne, E. Lyons, and J. Clarke.

In charge of chemical: A. G. Randall, Dr. Goodwin, T. G. Lauder and H. Hockley. In charge of hook and ladder: R. B. Nutt, captain, O. T. Vanbuskirk, lieutenant, and ten men.

The question of fines for absence from meetings was discussed, and members who had been absent from meetings during the past three months were fined for a meeting, the amount being deducted from their allowance of \$10 an hour for attending fires, the fines going to the brigade treasury.

SOUTH EDMONTON.

A successful Christmas tree was held on Wednesday evening, January 3rd in connection with the Methodist Sunday school. The church was tastefully decorated with evergreens and a well laden tree, and was filled to its utmost capacity with friends from far and near. The chair was occupied by John Wade, Sunday school superintendent. A good programme was rendered and reflected great credit on teachers, parents and children. At the close of the programme candies were distributed and an extra treat was given to the children of the school by Mr. S. Parrish. The most enjoyable time for the children was at the appearance of Santa Claus, who distributed to the children of the school, and many others, suitable presents. At the close a purse and suitable address was given to the organizer, Mr. Whitcomb, who has so efficiently occupied that position for the past five months. A beautiful bible was also presented to John Wade, superintendent, by the teachers and officers of the school. The following is the programme:

Hymn, 581. Prayer, Rev. Geo. Elmet. Chairman's speech. Chorus, "Christmas Bells," by school. Recitation, "The Cook's Soliloquy," Nettie McKernan. Duet, Misses Billy. Recitation, "Willie's wish," A. Loughridge. Song, "Prohibition," Mr. Wade. Recitation, "Christmas," Mary Murray. Recitation, "The Tramp," Lulu Loughridge. Chorus, Children. Recitation, "Mr. Nobody," Norman Shields. Song, Percy Shaw. Recitation, "Christmas Eve," Miss R. Billy. Recitation, "Papa's visitor," Julia Shaw. Song, Gertrude Shaw. Recitation, Charles R. Wade. Recitation, "Little boys lament," Wesley McKernan; Duet, Gertrude and Lena Shaw. Recitation, "The secret of love," Mr. Wade. Recitation, Marian Lockhart. Chorus, Choir. Recitation, Effie Lockhart. Recitation, Mr. Shields. Recitation, Miss Shields. Song, Effie Lockhart. Recitation, A. Loughridge. Duet, Mrs. and Miss Shields. Recitation, Albert Robarge. Solo, Miss Shields. Candles. Santa Claus. God Save the Queen.

GENERAL NEWS.

A despatch from Palouse city, Washington, appearing in a Washington paper which has come to hand, says: Officers of this county who sell goods on attachment or execution have lately met with spirited resistance from the people at large, who evidently intend that a stay of proceedings is absolutely necessary until times so recover that land can be sold for something like its value. In several cases within the last two weeks the farmers of the neighborhood of a proposed sheriff's sale, it is said, have compelled the postponement of the sale. This has been done by the farmers seeing that no one was present to bid on the goods offered. Just where this wild end cannot be foretold, but it is very evident that those cases of peaceful resistance, so far, are not isolated instances of sudden resistance, but are part of

a general organized plan to compel creditors to keep off the honest debtor until times improve. The paper demands a special session of the legislature to provide for delaying judgments until times improve.

An order-in-council has been approved by the governor-general, rescinding the order passed in 1876 prohibiting the acceptance of half breed allotments granted in Manitoba by the Dominion government. This order is based upon a report made by minister Daly who states that the rescinded order was passed eighteen years ago with a view of providing that patents for half breed allotments could only be delivered on the written request of the patentee; that several patents remain undelivered; that if such order ever served the purpose of discouraging speculation, which he doubts, its usefulness is now gone, and that it now operates chiefly as an embarrassment in passing titles to lands in the provinces, which were originally allotted to half breeds but which have long since passed into other hands. Hereafter all the patents which have been issued or may issue for half breed allotments in the province of Manitoba are to be forwarded to the registrar of the district in which the land is situated. The minister further recommends that a certified copy of this order be forwarded by the secretary of state to the lieutenant governor of the province of Manitoba with a request that an order be issued to registrars to receive and record such patents so forwarded.

METEOROLOGICAL.

The following temperatures are reported from the Dominion government observatory, Edmonton, for the dates given:

MAIL TIME.

The mail arrives at Edmonton from the South on Monday and Thursday evenings at about 9 o'clock, and leaves for outlying points as follows:

Clover Bar, Agriola, Fort Saskatchewan and St. Albert Monday and Thursday evenings after arrival of mail from south.

Marionville and Nemo, with the St. Albert mail on Monday's only, reaching destination on Tuesday.

Pakan and Saddle Lake, with the Fort Saskatchewan mail every alternate Monday, counting from June 25th.

Beaver Lake and Logan with the Fort Saskatchewan mail on the first Tuesday in each month.

Stony Plain every Saturday.

The mail arriving in Edmonton office on Monday and Thursday evenings is delivered on Tuesday and Friday mornings.

The outgoing south mail closes at Edmonton office at 7 p. m. on Monday and Thursday, and arrives from Fort Saskatchewan, Agriola, Clover Bar and St. Albert at the same hour, on those days. It arrives from Marionville and Nemo on Monday only. From Pakan and Saddle Lake on alternate Thursdays, from Stony Plain on Friday at 7 p. m. and from Beaver Lake and Logan on the first Thursday in each month.

Mails are also made up at Edmonton for South Edmonton, Wetaskiwin, Lacombe, Wainwright, Red Deer, Innisfail, B. Wainwright and Oils on the C. & E. line. The mail for Leduc, P. O. is made up at South Edmonton, and for Hobbick at Calgary.

HOMESTEAD REGULATIONS.

All even numbered sections excepting 8 and 26 are open for homestead entry (160 acres) by any person sole head of a family, or any male over the age of 18 years.

ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situated or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to be named by the intending settler near the local office to make the entry for him. Entry fee \$10, or if cancelled land \$20.

DUTIES.

Under the present law homestead duties may be performed in three ways, to be decided on making entry:

1. Three years' cultivation and residence, during which period the settler cannot be absent for more than six months in any one year without forfeiting the entry.

2. Residence for three years within two miles of the homestead and actual residence for 3 months in a habitable house next prior to application for patent. Ten acres must be broken the first year after entry, 15 acres additional in the second and 15 in the third year; 40 acres to be in crop the second year, the rest in pasture.

3. A settler may reside anywhere for the first two years, in the first year breaking 5 acres, in the second cropping said 5 acres and breaking additional 10, also building a habitable house. This entry is forfeited if residence is not commenced at the expiration of 2 years from date of entry. Thereafter the settler must reside upon and cultivate his homestead for at least six months in each year for three years.

A Second method.

Six Months' Notice Must be Given in Writing to the Commissioner of Dominion Lands by a Settler of his Intention Prior to Making Application for Patent.

PRE-EMPTIONS are by LAW ABOLISHED, and may not be entered for after 1st January, 1880.

A Second method.

may be taken by anyone who has performed the duties to entitle him to a certificate of recommendation for the first homestead on or prior to the second day of June, 1880.

Forfeited or cancelled Pre-Emptions may be taken as second homesteads.

All communications having reference to lands under control of the Dominion Government, sent between the eastern boundary of Manitoba and the Pacific Coast should be addressed to:

H. H. SMITH,
Commissioner of Dominion Lands, Winnipeg.
